

Section 4

Integration of cross-cutting themes with Management Plan policies

1. A number of important themes which will have a significant influence on the management of the AONB over the next five years cut across all the chapters of the Plan. They are:
 - Climate change
 - Social inclusion
 - Health and well-being
 - Lifelong learning
 - Ecosystem services
 - Environmental sustainability
2. The wealth of natural and cultural resources available in the Chilterns offers great potential to address these issues and this is reflected in the policies that have been formulated for this Plan. This table shows which policies address each of the cross-cutting themes.
